Continuing Education Credit

All registered ICSC+CENTERBUILD attendees seeking Continuing Education (CE) credit will receive an email on the morning of **Wednesday, December 2, 2026**, with a unique link to access the CE Hub. Through this online platform, attendees can add their AIA or RCEP Member ID for CE reporting if applicable, track their sessions in real time, and obtain a Certificate of Attendance. Attendees who do not belong to AIA or RCEP may obtain a general Certificate of Attendance.

Attendees who wish to have ICSC report CE credits on their behalf to AIA or RCEP must log in to the CE Hub, input their Member ID for the appropriate reporting organization, and verify that their sessions are correct no later than 5:00 pm ET on **Friday, December 11, 2026.** Any attendees who do not log in and verify their CE credits by the deadline, or belong to other organizations, must self-file instead.

AT THE CONFERENCE

Let the RFID tags on your badge holders do the work for you!

RFID (radio frequency identification) tags will track your attendance at the sessions only—nowhere else. No tapping, no scanning—just walk through the session doors and your attendance will be recorded.

Track your attendance

You will receive an email with a unique link to access the CE Hub. To get started, log in and add your AIA or RCEP Member ID if applicable to track your sessions in real time. Attendees who do not belong to AIA or RCEP may submit "N/A" for their Member ID in order to obtain a general Certificate of Attendance. For Roundtables, please ensure to select which topic(s) you attended.

POST-CONFERENCE

Retrieve your Certificate of Attendance immediately

- No waiting required! You can download your Certificate of Attendance directly after finishing your sessions.
- Attendees who belong to organizations other than AIA or RCEP will need to self-file where applicable.
- For any certificate corrections or CE-related questions, please reach out to Emily Salerno (esalerno@ICSC.com) or Chelsea Tuite (ctuite@ICSC.com).
